Question for Steve – Kathy just told us that we didn't do an ESA consultation for MI or NJ. Is that right? I thought we did consult, hence the MOAs with the services.

I meant to include Rosemary and Matt. Thanks to them for putting together the 5-way moa description.

Attached is a draft one pager that responds to Matt's and David's request for relevant background on 404. Comments welcome, but it's pretty basic, so no need to review if you all are busy. Alexis, feel free to send to Carrie whenever you have reviewed – I can update any time with comments anyone else sends.

Thanks for your attention.

THANK YOU! I think if we could have maybe one or two bullets on the FL MOA in the context of how assumption works, and generally what the MOA says, that would be great.

Sounds good. Rosemary is helping out with the 5-way MOA one-pager and we should hopefully have you something this afternoon.

Thanks, Matt; that would be great. I think the 5-way. I will work with Kathy to develop the 404 one-pager by early next week. We don't have a canned one-pager but we have materials we can draw from.

I'm on leave tomorrow but may have some time today to put together a one-pager on the 404-specific MOA. To be clear, are we talking about the 5-way MOA or the EPA/FDEP MOA?

Subject: call with DOI today

Hi all – I was on the call with Matt and David with DOI to talk about the Florida MOA

Ex. 5 AC/DP

Ex. 5 AC/DP

Ex. 5 AC/DP

Matt and David asked for a 1 pager that could explain 404 at a high level (e.g. what is section 404, how assumption works, describe the MI and NJ MOAs, summarize the regulations and objection process) and another 1-pager that summarizes the MOA. Matt said we would get this to them as soon as possible, ideally by early next week.

Do we have anything already drafted that would help with the 404-specific MOA? I am very pressed for time right now and if anyone has extra time that they could devote to summarizing the MOA, I would appreciate the help. If not, I'll try to squeeze it in.

Thanks,
Alexis
